

Usability Testing

Team name that you're testing: *Untlgnitors*

Your team name: *EagleVerse*

1. Does the interface have a Simple and Natural Dialogue?
 - a. Are features easy to understand?
Yes
 - b. Are features easy to find?
Yes
 - c. Could the amount of navigation in the interface be minimized?
Yes
 - d. Are graphics intuitive?
Yes
 - e. Is the use of color appropriate?
Yes

2. Are terms understandable to the user? (e.g., Does the user know that the trash can is used to delete items?)

Yes, the interface is responsive and the features are legible, matching the view port of the device.

3. Does the user have to remember too much?
 - a. For instance: instead of:
 - i. Enter Date:
 - b. Use
 - i. Enter Date (MM-DD-YYYY):
 - No

There is nothing to remember for the user as it is user-friendly and very easy to access the application.

4. Do commands and actions always have the same meaning?

Yes.

As per the user manual, commands and actions are always the same.

5. Do users receive feedback when they do something in a reasonable time response? (e.g., Status bars indicating that a program is installing; Feedback that a command has been executed; Notice that your email has been sent)

Yes. There is an alert message for any user login or register.

6. Do users feel safe exiting a program without fear of losing work?

Yes, the data is stored in a session so that it has cookie data.

7. Are short-cuts available for frequently performed operations?

Yes.

8. Errors should be easy to understand and should help the user.

Yes. We can find some errors like invalid username or password.

9. Are there problems that could have been prevented?

No.

10. Could something be designed to be more intuitive?

Font could be changed.

11. How many errors or failures did you encounter?

None

12. Any additional feedback to this project?

No

Provide the overall rating for this project in terms of its usability using the 1-5 rating scale (1 is the least positive and 5 is the most positive).

Your name and your initials (should be written by yourself):

Name	Initials
Somasekar	Bathina Suresh
Arun Sai kumar	Gutala
Neha	Gummalla
